

Third International Conference of the National Institute of Physics

Following the established tradition, the National Institute of Physics (NIP, www.ikf-akad.al), with the support of the Academy of Sciences of Albania, is organizing its Third Conference on June 2-3, 2025.

This announcement also serves as an invitation to all interested physicists to participate in this scientific event. The conference will be held in a hybrid format, with both in-person and online participation. Registration is free of charge. The official languages of communication will be English and Albanian.

NIP aims to promote contemporary knowledge and excellence in the field of physics across all regions where Albanian physicists work, both within and beyond national borders. The goal of the conference is to disseminate scientific research findings and the most up-to-date achievements in physics, including education; to strengthen collaboration between Albanian and non-Albanian physicists; and to expand NIP with new members. Since 2025 has been declared the International Year of Quantum Technology, the conference will focus on major advancements in this central field of physics.

The conference will feature presentations from invited physicists, both Albanian and international.

The event will take place in Tirana, at the premises of the Academy of Sciences of Albania. For registration, please visit <https://ikf-akad.al/konferenca/> (email: konferencaikf@ikf-akad.al). The registration deadline is May 4, 2025.

Scientific Board

Co-Chairs

- Rexhep Meidani - Academy of Sciences of Albania
- Floran Vila - Academy of Sciences of Albania

Members

- Ardian Gojani - Secopta Analytics, Teltow, Germany
- Halil Sykja - Faculty of Natural Sciences, University of Tirana, Albania
- Hiqmet Kamberaj - Faculty of Engineering, International Balkan University, North Macedonia
- Mimoza Hafizi - Faculty of Natural Sciences, University of Tirana, Albania
- Orion Çiftja - Universiteti Prairie View A&M, Texas, USA
- Toni Shiroka - ETH Zürich University and Paul Scherrer Institute, Switzerland

Organizing Board

- Fatos Ylli - Institute of Applied Nuclear Physics, University of Tirana, Albania
- Gerti Xhixha - Faculty of Natural Sciences, University of Tirana, Albania
- Mimoza Hafizi - Faculty of Natural Sciences, University of Tirana, Albania
- Neki Frashëri - Academy of Sciences of Albania
- Olta Çakaj - Faculty of Natural Sciences, University of Tirana, Albania
- Partizan Malkaj - Faculty of Mathematical Engineering and Physics Engineering, Polytechnic University of Tirana, Albania
- Rudina Osmanaj - Faculty of Natural Sciences, University of Tirana, Albania

Secretariat

Olta Çakaj - Faculty of Natural Sciences, University of Tirana, Albania

NIP Coordinator
